4baseCare Onco Solutions Pvt Ltd

Name of the Exhibitor	: 4baseCare Onco Solutions Pvt Ltd
Address	: BHIVE Workspace Whitefield, 8th Floor, Whitefield Main Rd, Brigade Metropolis, Garudachar Palya, Mahadevapura, Bengaluru, Karnataka 560048
Contact Person	: Ms. Nidhi Mishra
Designation	: Senior Research Associate
Phone	:
Mobile	: +91 6366843415
Email	: info@4basecare.com
Website	: https://4basecare.com/

Profile:

4baseCare, An Illumina Accelerator Company, is engaged in the development of cutting-edge precision oncology solutions, using advanced genomics and next-gen digital health technology, to personalize patient care in oncology. We have developed a unique set of comprehensive genomic panels which allows oncologists to choose the optimal targeted therapy for their patients.

AQUAAIRX

Name of the Exhibitor	: AERONUTS
Address	: 2nd Floor, COE, PGDM Block, Nitte Meenakshi Institute of Technology, Bengaluru, Karnataka 560063
Contact Person	: Ms. Jitendra Saini
Designation	: Co-Founder & CTO
Phone	: +91 7738737763
Mobile	: +91 9591642984
Email	: aeronuts.developer@gmail.com
Website	: http://www.aquairx.com

Profile:

Aquairx redefines industries with our groundbreaking amphibious drone, seamlessly navigating air and water. Our innovation disrupts boundaries, delivering transformative solutions for sectors like maritime, defense, energy, and inspections. Innovation: AquaAirx's amphibious drone blends dual-plane propulsion and AI intelligence, streamlining underwater inspection and surveillance. Efficient inspections, rapid responses, and data-driven decisions are our forte. Discover AquaAirx's technology, reshaping high-tech industries with unparalleled innovation. Contact us at +91 9591642984 or aeronuts.developer@gmail.com.

STEMpedia

Name of the Exhibitor	: Agilo Research Private Limited (STEMpedia)
Address	: 314, Sahajanand Arcade, Nr Memnagar BRTS, Helmet Cross, Memnagar Ahmedabad, Gujarat, 380052
Contact Person	: Mr. Dhrupal Shah
Designation	: CEO and Co-Founder
Phone	:
Mobile	: +91 8765696060
Email	: dhrupal@thestempedia.com
Website	: http://thestempedia.com

Profile:

STEMpedia, founded by IIT Kanpur alumni, is driven by a vision to transform the learning experience for next-gen technology education. Through STEMpedia, over 1.5 million students have embarked on a journey to explore their interests in STEM, harnessing their passions to develop 21st-century skills. To ensure a wider impact, STEMpedia has created products for AI and Robotics education along with curricula, and services to cater to diverse audiences. Our initiatives include the establishment of 300+ AI and Robotics Labs, 500+ Atal Tinkering Labs (ATL), and the implementation of 50+ impact programs. We served 2000+ schools and empowered 15000+ educators from 65+ countries.

Anabio

Name of the Exhibitor	: Anabio Technologies Pvt. Ltd.
Address	: Anabio technologies Pvt. Ltd., BBC, Helix Biotech Park, Electronic City Phase-1, Bangalore Karnataka 560100
Contact Person	: Mr. Mithun A Shah
Designation	: CEO
Phone	:
Mobile	: +91 9442954144
Email	: mithun.shah@anabio.in
Website	: http://anabio.in/

Profile:

Anabio, founded in 2017 in a garage in Hartford, Connecticut, USA, and relocated to Bangalore, India in 2018. We focus on wellness and sustainable development in the consumer goods and life sciences sectors. Our expertise is in the areas of innovation, product development, and scale-up of products commonly used in healthcare. We develop and launch new to the world products and also offer our expertise as a service either as a joint development effort and/or as a service.

Areete - Ayushman Cowfit Cattle Health Monitoring Solution

Name of the Exhibitor	: Areete Business Solutions, Maharashtra State Innovation Society, Government of Maharashtra
Address	: 21, EFC Prime, Mumbai Bangalore Highway, Mahalunge, Baner, Pune, Maharashtra 411045
Contact Person	: Mr. Srinivas Subramanian
Designation	: Managing Director
Phone	: +91 7058027583
Mobile	: +91 9702097583
Email	: srinivas@areete.org
Website	: https://areete.org/

Profile:

Areete Business Solutions is a Startup working in AgriTech Domain and we have developed a Cattle Health and Reproduction Monitoring IoT Solution for Indian and Global farmers. Our neck based IoT Cattle Health monitoring solution incorporating Custom ML algorithm, Multilingual App, Metaverse enabled user interface and Simple Plug and Play hardware using the latest BLE 5.0 technology. Our solution can be implemented across all major breeds of cattle with a tangible impact with improved yield and reproduction and RoI of below 6 months. The solution with its ability to capture a significant level of cattle health data gives us unmatched insights which can enhance future value from our offering to the customers and other stakeholders.

Artelus

Name of the Exhibitor	: Artelus
Address	: 1665A, 2nd floor, 14th Main, Sector 7, HSR Layout, Bengaluru, Karnataka 560102
Contact Person	: Mr. Girish Somvanshi
Designation	: Director
Phone	:
Mobile	: +91 9820894321
Email	: gsomvanshi@artelus.com
Website	: http://www.artelus.com

Profile:

Artelus is resolving on-ground hurdles in identifying people with avoidable blindness (UN SDG: vision for everyone by 2030) with its ready-to-deploy, plug-and-play, multi-award-winning portable products that harness the powers of Artificial Intelligence (A.I.), Robotics, 3D printing and Digital technology. Artelus offers a remotely operable fundus camera, a Made-in-India OCT and a 5G Hackathon winning product called ArMAC along with an indigenously developed Artificial Intelligence program (DRISTi AI). These together have the ability to identify people with retinal abnormalities without the intervention of a Doctor, thus helping detect patients at the risk of avoidable blindness.

AShield Technologies

Name of the Exhibitor	: AShield Technologies
Address	: #39, 2nd Floor, Suite # 437 NGEF Lane, Indiranagar First Stage, Bangalore Karnataka 560038
Contact Person	: Mr. Ajith R
Designation	: Business Executive
Phone	:
Mobile	: +91 9739291677
Email	: ajith.r@ashield.co
Website	: http://ashield.co

Profile:

Website	: http://www.atindriya.co.in

Profile:

Atindriya is a pioneering defense startup strategically located within the ITI Campus. Our core focus lies in delivering cutting-edge Radar and Telecom solutions to both Indian and international OEM. With a team of 30-50 highly skilled engineers, we specialize in System Engineering, Radar Electronic Warfare (EW) Systems, as well as RF Microwave technologies. Our Competencies: Radar System Engineering, EW Systems, RF Microwave and Active Phased Array Antenna for 5G Defence applications.

Plant Science

Name of the Exhibitor	: Atrimed Plantscience
Address	: BBC, electronic City Bangalore Karnataka 560072
Contact Person	: Dr. Minu Nair
Designation	: Senior scientist
Phone	: +91 08041124727
Mobile	: +91 9981739119
Email	: drdamle@gmail.com
Website	: http://www.atrimedbiotech.com

Profile:

Atrimed Plant Science is founded with a vision to revolutionise phytomolecule research. We work at the level of cell signaling pathways, protein/ligand interactions, understanding the molecular mechanistic activity of highly purified plant molecules or their synthetic analogues. It is a company that combines plant chemistry, biochemistry with cutting edge drug discovery platforms like bioinformatics, currently working in the field of novel antivirals. Seeing good success with SARS CoV-2, we are extending work on LSDV, dengue and chikungunya virus and hope to come out with better remedies.

Avay Biosciences

Name of the Exhibitor	: Avay Biosciences Pvt Ltd
Address	: IKP EDEN, Tavarekere main road, Bhuvanappa layout, Tavarekere, Bangalore, Karnataka 560029
Contact Person	: Mr. Manish Amin
Designation	: Director, CEO
Phone	: +91 8747088650
Mobile	: +91 8747088650
Email	: manish@avay.tech
Website	: http://www.avay.tech

Profile:

Avay Biosciences develops Products and solutions for Biomedical applications using 3d printing as the core Technology. Avay has developed a platform which includes 3D bioprinter, custom software and Biomaterials portfolio to cater to 3d cell culture and Microfluidics applications. Apart from this, Avay specializes in developing special purpose Additive Manufacturing machines and has so far developed Silicone 3d printer, 3d printer for printed electronics, PEEK 3d printer and Pharmaceutical 3d printer. Avay provides Tissue-as-a-service where we provide bioprinting, bioink preparation, cell injection, cell imaging and drug testing on the printed scaffolds.

Benlycos Private Limited

Name of the Exhibitor	: Benlycos Private Limited
Address	: Plot 10 A , KIADB Industrial Area , Digisole Building\r\nElectronic City Phase 2 , Bengaluru, Karnataka 560100
Contact Person	: Mr. Sajith EK
Designation	:
Phone	: +91 8847578754
Mobile	: +91 9739255007
Email	: sajith@benlycos.com
Website	: http://www.benlycos.com

Profile:

Benlycos as a company is focused on solving the last mile internet connectivity for speed, availability, reliability and security. We have devised a mechanism of combining multiple forms of available internet connections at any given location and improving the above mentioned four aspects of the connection. The solution works by having a VPS deployed on the cloud to monitor and manage the data transfer between the router that works as the CPE and any internet location the end user would like to access. Being a two-point solution gives us unmatched reliability and the same TCP session can be kept alive though any of the available connections that are present and functional.

Biotherm Flavours and Fragrances LLP

Name of the Exhibitor	: BioTherm Flavours & Fragrances LLP
Address	: #380/5, 4th Cross, 5th Main, V.R. Pura, Palace Guttahalli, Bangalore, Karnataka 560003
Contact Person	: Dr. Muyeed Ahmed S
Designation	: Co-founder
Phone	:
Mobile	: +91 9886362270
Email	: btff.info@gmail.com
Website	: https://www.biothermfragrances.com

Profile:

Biotherm Flavours and Fragrances are into novel low temperature based extraction of aroma and flavour molecules. The novel approach provides quality aroma product to the fragrance industry than the present heat based extraction process. It gives advantage in terms of quality product and as well with better quantity. Our flagship product Vetiver Oil is used as base molecule in all high end perfumes. The market demand of vetiver oil is increasing and has diverse requirements in aromatherapy, flavours and ayurvedic usages. We cater to fragrance and flavour industry. We also plan to explore use of these aroma molecules in agri sector and human health sector as well. The application of aroma molecules is very diverse and its a big industry.

Calibr.AI

Profile:

We have developed one product EducareERP for educational institutions. It is not a simple ERP to manage the entire operation of an institution. It is something beyond that. It has lots of automation to simplify administration processes and improve communication with students/guardians. This ERP is making a bridge between education and health care. It is aiming to provide mental assessment, medical tests and consultation for students and their parents at subsidized rates. This will certainly help to reduce student dropout rate. It will make an effective distribution of psychologists throughout the world. As a whole we can give a complete environment to build our future (students).
